- Greenhouse and hydroponic room;** Project manager, Carney's Future Farmers of America; 2016 -2017
- Proposed and Constructed a first green house and hydroponic for the Carney High School during cultural exchange year in Oklahoma with first batch consisting of 75+ tomato plants and 50 leafy greens
-

SKILLS

Programming Language: Java, R, JavaScript

Software and Frameworks: React.js, MVC, Spring Framework, JSP

PROJECTS

Battery Health Report:

- A software that analyzed how the laptop capacity degrade over time compared to the design capacity
- Extracted raw battery data from Windows and cleaned with R (integrate with Java)
- Built with Java, R, and Spring: github.com/justinphan3110/Battery-Health-Report

Apache Tomcat 9 Free Port

- Free the Apache Tomcat 9 server port(eg 8080) used by other Listening Port or another Tomcat instance
- Save users time and the inconvenience of reset/kill the Listening Port manually when working with JavaEE
- Built with Java, and Spring: github.com/justinphan3110/Apache-Tomcat-9-FreePort

Get Saved WIFI Password

- A software that allows users to get the saved wifi password on Windows that they already signed in before
- Built with Java and Windows Prompt commands: github.com/justinphan3110/Get-the-Saved-WIFI-Password
